

We often work with corporations that do not employ a risk manager but require the knowledge and support of a risk manager. LPR may support risk managers who need assistance on critical projects and consultants who need added expertise or manpower on their project teams. LPR sometimes assists agents and brokers who need to provide additional risk management expertise for specific special-need clients. LPR may also provide law firm consulting expertise for critical client projects and/or litigation support.

LPR Services, a veteran of several large public sector projects, provides necessary WBE qualifications to the project teams as well as our outstanding reputation and experience. As a certified Women's Business Enterprise (WBE) with the City of Chicago and Cook County and a certified Female Business Enterprise with the State of Illinois, we deliver the expertise these programs are meant to foster.

Pat LePenske, Principal of LPR Services, Inc., is recognized within the insurance and risk management consulting community as a leader. She has more than 25 years of experience in many facets of insurance and risk management consulting.

Prior to founding LPR Services, Inc., Pat was a consultant providing property, casualty and healthcare services to corporations. Prior to consulting, she held various positions at Marsh & McLennan including consultant, manager, senior vice president and senior risk management client executive. Her responsibilities included management of all aspects of property, casualty and management liability insurance programs for clients of all sizes. Pat's formal education includes a Bachelor of Science degree from Northwestern University and a Master of Business Administration degree from the University of Chicago as well as many years of industry-specific training. She is a member of The Executives' Club of Chicago, former director of the University of Chicago Executive Program Alumni Club, and current member of the Board of Directors of Gateway Foundation, Inc.
